

Working with the CS-R

(Rorschach Comprehensive System revised)

—Series of 8 Monthly Webinars on Fridays!

Next year, **2024**, CSIRA will hold 8 webinars, each given by an expert, on different aspects of the revised version of John Exner's Comprehensive System: reference data, new research and clear, up-to-date coding and interpretation. All these will be explained through one case analysis.

Each webinar presentation will start with a 30-minute Q&A session, followed by a presentation from 12:00 noon to 13:00, GMT, and ending with a further 30-minute discussion / Q&A session.

Dates	Presenters	Topics
January 19	Anne Andronikof	General introduction to CS. Rationale for the changes in CS-R, Administration, Coding, Labels of indices
February 16	Anne Andronikof	Interpretation steps, interpretation significance
March 1	Patrick Fontan	Reference data
March 29	Patrick Fontan	S-Con & PTI, ADI, CVI
April 12	Yifat Weinberger-Katzav	Face Responses, Achromatic vs. Chromatic on the Rorschach
May 10	Anna Maria Rosso	Space responses
June 7	Dana Castro	Qualitative interpretation
June 28	Maria Fiorella Gazale	Case findings & conclusion

11:30 – 13:30, GMT!* Interpretation provided in French, Italian Japanese and Spanish!

*Check the website for local times.
